

AV5R31™

80 CRM
53 RM

- Early Maturity, high test weight sorghum for Western areas
- Short stature plant that is very good for double crop
- Red seed color with juicy plant for post harvest grazing

CHARACTERISTICS

Head Type	Semi-Open
Grain Color	Red
Head Exertion	Excellent

AGRONOMICS

Yield under Drought	Excellent
Stalk Strength	Very Good
Root Strength	Very Good
Drydown	Very Good

MANAGEMENT RECOMMENDATIONS

Dryland	Very Good
Limited Irrigation	Very Good
Irrigation	Good
Heavy Clay Soils	Very Good

DISEASE RESISTANCE

Downy Mildew	Good
Anthracnose West	N/A
Rust	Average
Sugarcane Aphid Tolerance	Tolerant

NOTES:

IMPORTANT: Characteristic scores provide key information useful in selecting and managing products in your area. Information and ratings are based on comparisons with other products sold by AgVenture, Inc.. Individual results may vary, and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible. Scores represent an average of performance data across areas of adaptation, multiple growing conditions, and a wide range of both climate and soil types, and may not predict future results. Individual product responses are variable and subject to a variety of environmental, disease and pest pressures. Please use this information as only one component of your product positioning decision.
