

AV6W41FG™

105 CRM
64 RM

- Food grade hybrid that fits the industry very well
- Works well in most environments and White grain color
- Carries C & E Greenbug, helps with Sugar Cane Aphids

White Food Grade (WFG)

CHARACTERISTICS

Head Type	Semi-Compact
Grain Color	White
Head Exertion	Excellent

AGRONOMICS

Yield under Drought	Very Good
Stalk Strength	Excellent
Root Strength	Excellent
Drydown	Very Good

MANAGEMENT RECOMMENDATIONS

Dryland	Very Good
Limited Irrigation	Very Good
Irrigation	Excellent
Heavy Clay Soils	Very Good

DISEASE RESISTANCE

Downy Mildew	Excellent
Anthracnose West	Good
Rust	Good
Sugarcane Aphid Tolerance	Tolerant

NOTES:

IMPORTANT: Characteristic scores provide key information useful in selecting and managing products in your area. Information and ratings are based on comparisons with other products sold by AgVenture, Inc.. Individual results may vary, and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible. Scores represent an average of performance data across areas of adaptation, multiple growing conditions, and a wide range of both climate and soil types, and may not predict future results. Individual product responses are variable and subject to a variety of environmental, disease and pest pressures. Please use this information as only one component of your product positioning decision.
