

AF2690HC™

69 DAYS

NEW

- Very early High-Oleic oil hybrid suited for Northern North Dakota
- Weed control flexibility for use with Beyond® herbicide
- Shorter stature hybrid with good oil content and fast drydown
- Hybrid has DMR trait with good disease package

Clearfield®

High Oleic

CHARACTERISTICS

Herbicide Tolerance	Clearfield®
Maturity	Early
Plant Height	Short
Grain Color	Gray
Test Weight	Good
Oil Content	Very Good
Yield	Very Good

MANAGEMENT RECOMMENDATIONS

Emergence	Excellent
Drought Tolerance	Good
Dry Down	Very Good
Root Lodging	Good
Stalk Lodging	Good
Stalk Strength	Good
Root Strength	Good

DISEASE RESISTANCE

Downy Mildew	Good
Phomopsis	Fair
Head Sclerotinia	Average
Root Sclerotinia	Average

NOTES: _____

IMPORTANT: Characteristic scores provide key information useful in selecting and managing products in your area. Information and ratings are based on comparisons with other products sold by AgVenture, Inc.. Individual results may vary, and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible. Scores represent an average of performance data across areas of adaptation, multiple growing conditions, and a wide range of both climate and soil types, and may not predict future results. Individual product responses are variable and subject to a variety of environmental, disease and pest pressures. Please use this information as only one component of your product positioning decision.
